KELLY'S.

## JUDGE JENKINS' CASE.

He Wants to Know What Congress intends to Investigate.

WASHINGTON, March 14.—Judge Jenkins, of the Seventh circuit of the United States circuit court has replied to Mr. Boatner, chairman of the congressional committee recently named to investigate Judge Jenkins' injunction, restraining the employees of the Northern Pacific Railroad from striking, or labor leaders from directing such strikes.

Judge Jenkins' letter is in response to representative Boatner's notice that the committee would like to be advised as to the judge's desire as to appearing before the committee. The judge responds that so far as the writs of injunction are concerned, they are matters of court record and that copies of the writs will be sent to the committee if they desire them.

Judge Jenkins says he understands the inquiry to have reference only to the legal correctness of the order of the court and if such be the case, he can see no good reason why he should appear before the committee.

If however, the committee intends to inquire into charges affecting his personal or official integrity, Judge Jenkins says he will appear before the committee and will meet and refute the charges.

## TO MAKE A TEST CASE.

Staff Nurses to Be Allowed to Teach in the Public Schools?

PITTSBURG, March 14.—Notwithstanding the action of the central board of education in declaring that persons teaching in the public schools in the garb of any religious order should be expelled, and the application of the American Mechanics for an injunction restraining the Riverside school board from employing such persons, the directors are determined to retain the five nuns now teaching in the school until the question is finally settled by the courts.

They are: Leader, Walter Wellman, the well known newspaper correspondent, astronomical observer, Prof. B. French of the United States coast and geodetic survey; medical officer, Dr. Thomas B. Mohan of Washington, D. C.; artist and photographer, Charles C. Dodge of the bureau of construction and repair division of the navy department.

"After leaving Norway," Mr. Wellman said, "we will proceed directly to the northwest corner of Spitzbergen, lat. 80 deg., where we will establish our headquarters. On departing from Spitzbergen, we will leave supplies sufficient for the subsistence of our whole party during the winter following winter, if it should be necessary, which I do not in the remotest way believe likely, but we do so as a precaution."

Alderman Madden, who is secretary of the Riverside school board, said today that the matter will be fought to the bitter end. It was no person's business if the board saw fit to employ nuns as teachers and they would continue them in their positions until the highest courts had passed on the action, until action had been taken by the legislature.

## LAKE VIEW OFFICERS.

Board of Directors Was Elected Yesterday.

LAWRENCE, Kan., March 14.—The stockholders of the Lake View fishing and hunting association, met yesterday at the club house on the lake, four miles west of Lawrence, and elected the following directors: E. Baldwin, E. B. Pierson, and A. D. Weaver, Lawrence; Robert Pierson and Dr. L. C. Watson, Topeka.

Steps were taken for a number of improvements at the club house and grounds. There are 100 members in the association, half of whom are in Topeka and the other half in Lawrence.

## DESTRUCTIVE CYCLONE.

Destructive Cyclone Section of Oklahoma—Houses and Barns Wrecked.

GUTHRIE, Okla., March 14.—Particulars have just been given of a disastrous storm, which devastated a small section of country in the Cherokee strip, southwest of Pawnee. Sunday evening, after a heavy rain, a cyclone blew terribly for about two minutes, leveling everything in its path.

Sixty houses were wrecked and a large number of barns and other buildings were destroyed. A man named Johnson was badly injured, but so far as can be learned, everybody else escaped with but a few bruises and cuts.

## ZELLA NICOLAUS IN A FIGHT

and "Guardian" Bohemian Fall Out and Heads are Broken.

WASHBURN, Ind., March 14.—Zella Nicolaus and "Guardian" Bohemian have quarreled and parted. Last night they had a dispute and Nicolaus used his fist, while Miss Nicolaus employed her parasol as a means of defense. The parents of Miss Nicolaus and the officers were necessary to quell the matter.

Mrs. Edith Wetherell, a widow sister of Zella, took sides with Bohemian, and later she and Bohemian disappeared at the same time. It is believed both went to Chicago. Zella remains here and says she has made secure her trunks, which contain \$6,000 worth of jewelry and clothing.

In striking contrast is the practice of the United States army hospital service which finds California brandy not good enough and patronizes France.
